

Curriculum Vitae

Name in Full	Ji-Seon Kim
Country	Korea
Affiliation	Korea University
Email	gsjskim621@korea.ac.kr

Educational Background

2013.2	Wonkwang University College of Medicine, Doctor of Medicine
2020.9~	Korea University College of Medicine, The integrated Master & Ph.D. course

Professional Career

2013	Intern, Korea University Medical Center, Intern
2014-17	Resident, Department of General Surgery, Korea University Medical Center
2019-20	Clinical Instructor, Division of Colorectal Surgery, Korea University Anam Hospital
2021~	Clinical Assistant Professor, Division of Colorectal Surgery, Korea University Anam Hospital

Research Field
Colorectal cancer, Minimal invasive surgery
Papers, Books, etc. presented or published by your name (topic title, year, conference name or presenting books) <ol style="list-style-type: none">1. Laparoscopic Extraperitoneal Approach for Lateral Pelvic Node Dissection in Rectal Cancer: Techniques and Short-Term Outcomes, 2023, Surg Innov. 30(1):13-19.2. The stability of stapled coloanal anastomosis after intra-abdominal intersphincteric dissection in minimally invasive surgery: Comparison with hand-sewn method, 2023, The 31st International Congress of the European Association for Endoscopic Surgery.3. Turnbull-Cutait Technique in Terms of Anastomotic Stability: Initial Experiences and Surgical Outcomes, 2023, The Korean Society of Coloproctology 56th Annual Meeting.4. The Effectiveness of Mobile Applications and Smart Bands for Distress Management in Colorectal Cancer Patients after Surgery: A Randomized Controlled Trial, 2023, The Korean Society of Coloproctology 56th Annual Meeting.5. Quality of laparoscopic camera navigation in robot-assisted versus conventional laparoscopic surgery for rectal cancer: An analysis of surgical videos through a video processing computer software, 2022, Int J Med Robot. 18(4):e2393.6. Impact of D3 lymph node dissection on upstaging and short-term survival in clinical stage I right-sided colon cancer, 2021, Asian J Surg. 44(10):1278-1282.7. Early postoperative small bowel obstruction following anterior resection: Case series of duodenojejunal junction obstruction, 2021, The Korean Society of Coloproctology 54th Annual Meeting.8. The effect of adjuvant chemotherapy on survival in yp stage 0-2 rectal cancer after preoperative chemoradiotherapy followed by surgery, 2020, The Korean Society of Coloproctology 53rd Annual Meeting.9. Robot-assisted restorative total proctocolectomy for ulcerative colitis: institutional first case report, 2019, Symposium of The Korean Association of Robotic Surgeons (KAROS).
